

VXT

Leadership Development Program

TRAINING PROGRAM OVERVIEW

As a leader in the hospitality and tourism sectors, your warmth, passion and creativity shape the Tasmanian experience. At VXT, we understand the importance of skilled people to the success of our industry, which is why we've designed a program specifically for you.

Over two interactive days, you will learn the fundamentals of leadership development and a growth mindset. You'll discover where you are as a leader and where you need to be to take your skills to the next level. You'll also learn behaviours that reflect consistent leadership competency and skills for leaders at all levels of the organization.

With topics ranging from people management to coaching skills and effective communication, our program has been designed to equip you with the skills you need to be a successful leader in your workplace. You'll learn how to set expectations and manage performance, develop staff talents, and even lead difficult conversations.

Throughout the workshop, you'll have the opportunity to create an individual action plan and identify areas for improvement. You'll set three clear, actionable leadership goals that you'll implement from the training workshops.

LEADERSHIP COACHING

But that's not all. Following the workshop, you'll receive an invitation to an individual Leadership Coaching session with our facilitator. You'll review your action plan and work through any challenges and obstacles you may have in achieving your goals. Don't miss out on this opportunity to take your leadership skills to the next level.

DURATION

The program consists of a two-day workshop and one further individual coaching session with the VXT facilitator.
